Faro, Yukon Y0B 1K0

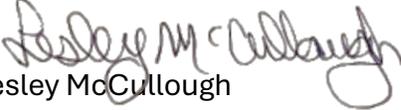

Dear Mr. Yee:

Re: YEC 2023-2024 Cost Claims – Redacted Documents

I write further to your email correspondence of September 29, 2024, to advise that the Yukon Utilities Board is not accepting the unredacted documents pertaining to the YEC costs claim for the 2023-24 General Rate Application you attached to your email and will not be distributing these documents. In fact, we have deleted them from our server. Neither has the Board reviewed them.

The Yukon Utilities Board's practice continues to be that we review the cost claims provided by the parties, including intervenors, as filed by those parties.

Yours truly,

Lesley McCullough
Acting Chair
